NON-EMERGENCY 717-262-2794

The Wilson College campus safety office is dedicated to maintaining a safe and secure environment in which students can live, learn, work and grow.

October 2025

**WILSON
COLLEGE**

CAMPUS SAFETY

Although Wilson College has a safe campus surrounded by a residential community within the town of Chambersburg, Pa., we know many are concerned about safety on a college campus. We understand that concern and accept our responsibility to enforce security policies and practices. We want our students to be as free from threats to their safety or well-being as possible during their time at Wilson College.

Campus safety is managed by the Wilson College Department of Campus Safety, which is located in Lenfest Commons, where there is a guard provided by Securitas Security Services on duty 24 hours a day/7 days per week. Securitas Security Services provides selective and vigilant background screening for its security officers, who must also undergo continual training to upgrade their skills.

Campus safety officers conduct foot and vehicular patrols of the campus and residence hall areas 24 hours a day. The campus safety guards enforce all regulations and policies of the College, as well as the laws of the Commonwealth of Pennsylvania. The College has a partnership with the local Chambersburg Borough Police that allows the local police to patrol campus and to share information. The local police also work with Wilson College to provide additional training for residence hall professionals, as well as tactical training when requested. Rules and regulations regarding the student code of conduct are listed in the Bluebook.

Campus safety officers and student development staff enforce laws regulating underage drinking, the use of controlled substances and weapons. The drug and alcohol policy statements, published in the Bluebook, are available from the Office of the Dean of Students and online at www.wilson.edu/bluebook.

Consumption of alcoholic beverages for those under 21 and illegal drugs are not permitted on campus. Drug and alcohol abuse education programs are provided to employees through the Employee Assistance Program. Students seeking counseling, treatment or rehabilitation can contact the director of counseling services. All employees and students receive literature stating the College's standards of conduct related to drugs and alcohol, and the applicable legal sanctions under local, state or federal law.

BUILDINGS AND GROUNDS

The physical plant department maintains the college buildings and grounds and regularly inspects facilities, makes repairs that affect safety and security, and responds to reports of potential safety and security hazards, such as broken windows and locks.

The college campus is well-lit and a lighting audit of the grounds is conducted annually. There are also six strategically located outdoor emergency telephones that are directly connected to campus safety personnel and checked monthly.

EMERGENCY NOTIFICATION SYSTEM

Wilson College has an emergency notification system. We use Blackboard Connect to communicate emergency and community outreach information. The system offers many ways to receive communication, such as voice, text and email. All students will be automatically added to the notification system and a user account established. Through this user account, the student will be able to identify the preferred contact method and add other contact numbers as needed. Text messaging fees apply.

CRIME STATISTICS

In accordance with federal law, Wilson College provides information about crime statistics, fire safety and security policies to prospective students, current students and employees. Therefore, security policies and crime statistics are available from the college student devel-

opment and campus safety offices. The U.S. Department of Education [Section 485(a) of the Higher Education Act] requires all institutions of postsecondary education that participate in the Free Application for Federal Student Aid (FAFSA) program to provide campus crime statistics. Go to www.wilson.edu/campus-safety for more information.

Firearms and weapons of any type are not permitted on campus. Likewise, intentional use, possession or sale of firearms or other dangerous weapons by students is strictly forbidden, and is a violation of the Bluebook – the student handbook on the Wilson website.

SECURITY POLICIES AND PROCEDURES

Wilson College enrolls about 1,877 undergraduate and graduate students. Approximately 420 undergraduate students reside in seven residence halls on campus. There is limited campus housing for non-traditional students. In addition, the College employs 54 full-time faculty, 73 adjunct faculty per semester, 112 full-time staff and administrators, and 36 part-time staff.

Students, faculty and employees at Wilson have access to academic, recreational and administrative facilities on campus. Access to the residence halls is limited to students and their guests. Residence halls have key access 24 hours a day. College employees can only access the residence halls on an “as needed” basis and under strict key control procedures.

REPORTING CRIME

Potential criminal actions and other emergencies on campus should be reported by any student, faculty member or employee directly to the Campus Safety Office. Campus safety is dispatched immediately to the site of the complaint and have authority to call local police if necessary. Anyone on campus needing assistance in a medical or fire emergency should dial 911. The call will be connected with personnel at county control and the appropriate emergency personnel will be dispatched. Campus safety should be called immediately after the 911 call so they can assist in direction to the emergency location (i.e., athletic fields, specific residence halls, classroom buildings, etc.). Students can report criminal offenses to the vice president for student development, the dean of students and the residence life staff, the human resources office, or an academic dean. Additionally, an online incident reporting form, an anonymous Title IX reporting form and a bias incident reporting form are available through the Wilson College portal.

Incidences of major crimes are reported as needed to the campus community via notices, campus media outlets, social networking, telephone, text, and by residence life personnel.

Student development staff provide training sessions each semester on topics that include personal safety awareness and security, sexual misconduct prevention, hazing prevention, and the prevention of burglary and vandalism. Detailed sexual assault information is online

at www.wilson.edu/campus-safety. The Bluebook describes a student's rights and responsibilities.

Information on safety and security is also regularly provided to students and employees through seminars, films, bulletins, crime alerts, posters, and brochures.

Cyberbullying and hazing information is found online and in the Bluebook.

RESPONSE TIME

Securitas Security Services average response times are as follows:

1. Non emergency response (residence hall lock outs, Brooks Science Center after hours access, battery assistance, escort, etc) times averaged 22.3 minutes.
2. Emergency response time averaged three minutes (floods, accidents, student in distress, etc.).

RESIDENCE HALL SECURITY

Wilson College has single-gender and coed residence halls for students enrolled in the College—each with 24-hour visitation. There is no on-campus housing for married students, although special housing is provided for single parents and their children who are enrolled in the Single Parent Scholar Program. These families reside in separate housing in one residence hall on floors that are not accessible by other students. First-year students are assigned housing on campus and, based upon available facilities, have the opportunity to request changes in room assignments. The College does not provide supervision for off-campus housing.

Resident assistants live in the halls and a student development professional staff member is on call 24 hours a day, seven days a week. In addition, a college cell phone is assigned to the staff member on duty. Security and resident assistants can call that number when assistance is needed. As members of the residence life staff, assistants undergo training in enforcing residence hall safety and security policies. All residence hall doors are locked 24 hours a day. Both on-campus and off-campus visitors to residence halls must be escorted through the residence hall by a resident. Most student rooms have deadbolt locks; rooms in older residence halls have conventional locks. All windows have locking devices.

BLUE LIGHTS

The campus has blue light telephones in different locations on campus. These phones will automatically call the campus safety officer on duty and identify the location of the phone. The phones can be used to call for emergency and non-emergency services.

SECURITY ESCORT SERVICE

For students or staff feeling uncomfortable traversing the campus, security officers will provide on-campus transportation and, if upon request, an escort to/ from a car and/ or residence hall/campus buildings. The service provides a safe escort any time during the day or evening, 24 hours a day, 7 days a week. To request an escort, students or staff can call 717-372-2255. Students and employees are encouraged to place the number in their mobile devices to access help quickly. No transportation to an off campus location is provided by campus safety.

	Year	Major Facility Damages and/or Injury Resulting in Death	Minor Facility Damages and/ or Injury	General Incidents (i.e. microwave, toasters) No Damages/No Injury
Residence Halls	2024	0	0	2
	2023	0	0	0
	2022	0	0	1
Dining Facilities	2024	0	0	0
	2023	0	0	0
	2022	0	0	0
Classroom Buildings	2024	0	0	0
	2023	0	0	0
	2022	0	0	0

ICE (In Case of Emergency)

Students and staff are encouraged to place the acronym ICE in their contact list. In the event of an emergency, if they are unable to respond, this allows campus as well as Borough emergency personnel a contact. Adding ICE to contacts is highly recommended.

FIRE SAFETY

Every residence hall is equipped with an automatic smoke/heat detection system monitored 24 hours a day by campus safety personnel. An alarm prompts immediate evacuation of the building. The system also self-tests for tampering and reduces the chance for false alarms.

Each individual residence hall room has an AC-powered smoke detector with battery-backup.

Fire drills are conducted three times a semester in each hall. Students who fail to evacuate will be fined. All residence life staff members are provided with fire extinguisher training by the Chambersburg Fire Department and/or designee. Microwave fires appear to be the most common type of fire in residence halls. The Chambersburg Fire Department has installed safety devices on the side of each microwave to assist with the problem. The device cuts the power to the specific unit when it senses something burning.

All residence halls on campus are equipped with fire extinguishers. Fire extinguishers are also provided in many different areas of all campus buildings. Fire hydrants are located outside of each residence hall. All campus extinguishers are inspected annually by Jones Fire Extinguishers Inc.

Ambulance service and fire protection are provided to Wilson College by the Chambersburg Fire Department, Fayetteville Emergency Response and West Shore E.M.S. units.

In compliance with the Higher Education Reauthorization Act, fire safety incidents, specifically those that occur during an academic year, are to be reported with the campus crime statistics. The following incidents required the Chambersburg Fire Department's response.

All buildings were evacuated according to campus and borough fire protocols, documented with the campus safety office and distributed to campus administrators.

	Year	Domestic Violence	Dating Violence	Stalking
Total on Campus	2024	0	0	3
	2023	1	0	0
	2022	0	1	0

SEXUAL MISCONDUCT/ASSAULT PREVENTION

Each year, Wilson provides both active and passive educational informational programming on sexual misconduct, domestic violence, dating violence, and stalking to all new students. Resident Assistants are provided with additional training led by the Title IX Coordinator.

DOMESTIC VIOLENCE, DATING VIOLENCE AND STALKING

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2014 (VAWA), which, among other provisions, amended section 485(f) of the Higher Education Act of 1965, otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). As a result of these changes, colleges and universities receiving federal aid are now required to report incidents of domestic violence, dating violence and stalking each year on the Annual Security Report.

The policies are also online at www.wilson.edu/titleIX.

THE STUDENT'S RESPONSIBILITY

Students must assume responsibility for their own personal safety and the security of their personal belongings. Any student may use the on-campus escort service from outlying parking lots when returning to the residence halls, classroom buildings, the library, stables, barns, athletic facilities and/or other campus locations. Room doors should be locked at all times. Valuable items such as cell phones, laptops, cameras and televisions should be marked with engraving instruments. Bicycles should be secured with a sturdy lock. Students must park their locked cars in assigned areas and valuables should be locked in vehicle trunks. Students should report any suspicious individuals or unusual incidents to campus safety (24/7 availability), the residence assistant on duty and/or campus personnel. The College is not responsible for lost or stolen items.
