

Our 2024 Scholarship Applications are NOW OPEN! If you're a young parent under 30, dreaming of pursuing higher education this is your chance to turn those dreams into reality! 🙌

We are thrilled to announce scholarships in FOUR incredible areas:

- ✅ Four Year Degree Program
- ✅ Two Year Degree Program
- ✅ Trade or Technical Program
- ✅ Graduate Degree Program

At Parents With Dreams, we believe in your potential, and that's why our scholarships come in varying amounts to support your unique educational journey. But here's the game-changer - once selected, you'll continue to receive your scholarship until the completion of your program! 🎓 ☀️

Why Choose Parents With Dreams?

- ✅ Ongoing Support: We're committed to seeing you through every step of your educational adventure.
- ✅ Tailored Opportunities: Whether you're pursuing a degree, technical skills, or graduate studies, we've got you covered!
- ✅ Holistic Growth: We're not just investing in your education; we're investing in your dreams and future success with supporting programs!

Ready to embark on this life-changing journey? Apply now and let us be the wind beneath your wings!

Find applications at <https://www.parentswithdreams.us/scholarship-form>.

Parents With Dreams is an **all-volunteer organization founded to help young custodial parents earn college degrees, trade credentials, or industry certifications** to drive positive and long-lasting outcomes for the parent-scholars and their families. By focusing on the parent-scholar and family, better outcomes are achieved.

We. Are. Different. Not only do we see the potential of our parent-scholars, we see their current value. We see their desire to make a good life for their children and themselves. We see the grit, determination, and dedication for forging a better "right now" and an exceptional future.

We. Are. Different. We stay with our parent-scholars through matriculation and first post degree/credential/certification jobs. **The scholarships we provide are continuous through graduation based on generous funding from our donors and sponsors. As our Board is all volunteer, each donation goes towards funding scholarships,** and our donors feel 100% confident that their donations are used for that purpose!

We. Are. Different. We take a holistic approach with our parent-scholars and their families. In addition to scholarships, **Parents With Dreams provides programs and resources to help our deserving parent-scholars to be successful, well-adjusted, and ready for their respective next level. We leverage various pathways to drive learning and knowledge acquisition outcomes.** Whether it is a webinar on mental health, critical thinking, parenting, stress management, time management, budgeting 101, finance 101, investing 101, home ownership; we work with our parent-scholars to address the whole person. We connect on a deeper level, working with our parent-scholars in more meaningful and lasting ways. We cultivate mutually respectful relationships.

We. Are. Different. Parents With Dreams is about our parent-scholars and their families, not us. **Making genuine connections and making a real difference in the lives of young custodial parents are what matters.** As such, partnering with other non-profit organizations to extend capabilities to make certain our parent-scholars and their families can get the assistance they need is paramount. Working together with other organizations with the shared goal of enabling our parent-scholars to thrive is a core principle for Parents With Dreams.

We. Are. Different. Our volunteers, as well as our Board, coach, mentor, and guide our parent-scholars. **We share our experiences and knowledge freely and inspire our parent-scholars to be the best version of themselves, and in turn they enliven their children to be good citizens.** We encourage them to be of service to their respective communities and be great examples of love, compassion, and perseverance for their children. We connect each parent-scholar with a service opportunity enabling them to give back and "pay it forward". The opportunities can be inclusive of the parent-scholars' families to get them engaged in service to others as well.

We. Are. Different. **That "different" makes a substantive impact in the lives of our parent-scholars and their children."**
